

A MESSAGE TO THE CHILDREN OF KAUAI

Every boy and girl on Kauai should do their part to win this great war by being Thrift Soldiers. You may be just as proud of that title as if it meant crossed guns upon your shoulder---or a little red cross upon your breast.

If you own a Thrift Stamp, it means that you want to help Win the War---that you belong to the big, invincible Army of Thrift which is standing like a human wall behind that other Army, the Army of our fathers and brothers, and all the men we are so proud of "Over there."

It doesn't take much to buy a Thrift Stamp---save up the nickles and see! When you have bought one Thrift Stamp, it doesn't take long to fill up your card and get a War Savings Stamp---and with every Stamp you buy, you are helping the Flag to go forward. Don't forget that!

You are helping your country keep her history clean---and you are saying to those other children of France and Belgium---those poor, unhappy, tortured little children---"We are coming; don't give up! Your suffering shall not have been in vain"

Across two Oceans and one Continent your voices will reach them---never fear!

Note to teachers and Parents:

Please read this message to the
Children at home or at school.
It will help to win the war.

UNITED STATES OF AMERICA

National War Savings Committee

APPOINTED BY HON. W. G. M'ADOO
Secretary of the Treasury
